What is a Vanpool Grant Opportunity?

A vanpool is a group of 4 to 15 people/employees who commute together on a regular basis in a van. The 2016 demonstration Vanpool program has been established to achieve one simple goal: to provide entry level workers who are enrolled in Michigan Department of Health and Human Services (DHHS) programs with safe, affordable vans they can use to drive themselves and other DHS clients to their place of employment at no cost to them!
